

Dear IVA High Community,

This month, IVA High is **welcoming several community members** to our campus while also **connecting our learners to our local community through authentic learning experiences**. The Founders of Gusto Bakery visited Ethics to support the *We Are What We Eat: Care, Culture, and Community Project*, Mental Health and Substance Abuse Therapists will be visiting English and PE to support the *Development of the Teenage Brain and Community Health Matters Projects*.

We prepare students for life beyond high school. We will also be hosting a Career Day for students to **explore and learn** about career options after high school. If you would like to participate, please reach out to Mrs. Makenna (see below).

We bridge classroom and community. English 9 freshman will be visiting the Long Beach Public Library to get inspiration from the *Zine* collection in anticipation of designing their own. Biology students will also be visiting Farm Lot 59 in support of their *Growing Food on Earth and Mars Project*.

We find joy in learning. If you have ideas on how to authentically connect to our learning, please let us know!
